THE VORTEX

Meet your family's nutrition needs with ease.

Extreme Silence with Independent Suspension Muting System.

pacifica
powered by Joyoung

THE VORTEX

Delight in the peace and tranquillity of a perfectly quiet morning.

THE VORTEX comes equipped with an Independent Suspension Muting System that results in an extremely quiet machine. Turn it on and expect nothing more than the sound of a boiling electric kettle.

THE VORTEX

Make washing up a thing of the past to enjoy more time with loved ones in the present.

The true pleasure of utilising this smart machine is its fully-automated self-cleaning function. The washing process runs on its own after cooking is completed, without any manual operation whatsoever. The future of cleaning is finally here.

THE VORTEX

THE VORTEX

Meet your family's new health purveyor.
Fall in love with THE VORTEX.

- Auto-Clean Function
- Independent Suspension Muting System
- Micro-Fine Texture
- Multipurpose Function
- Double-Track Heating
- 5-Minute Setting

Independent Suspension Muting System

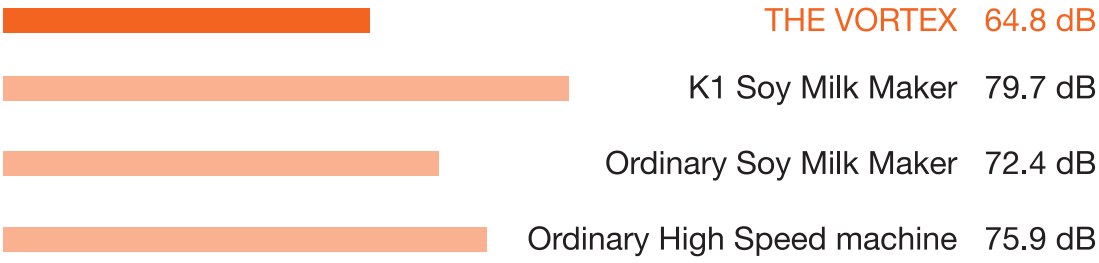
Independent Suspension Muting System on the inside. Extremely silent on the outside.

Outer Wall of Grinder

Rubberised Shock Absorber
Attached to the outer wall of the grinder to reduce vibration and noise.

Coil Spring
Absorbs shock and supports machine to reduce operating noise.

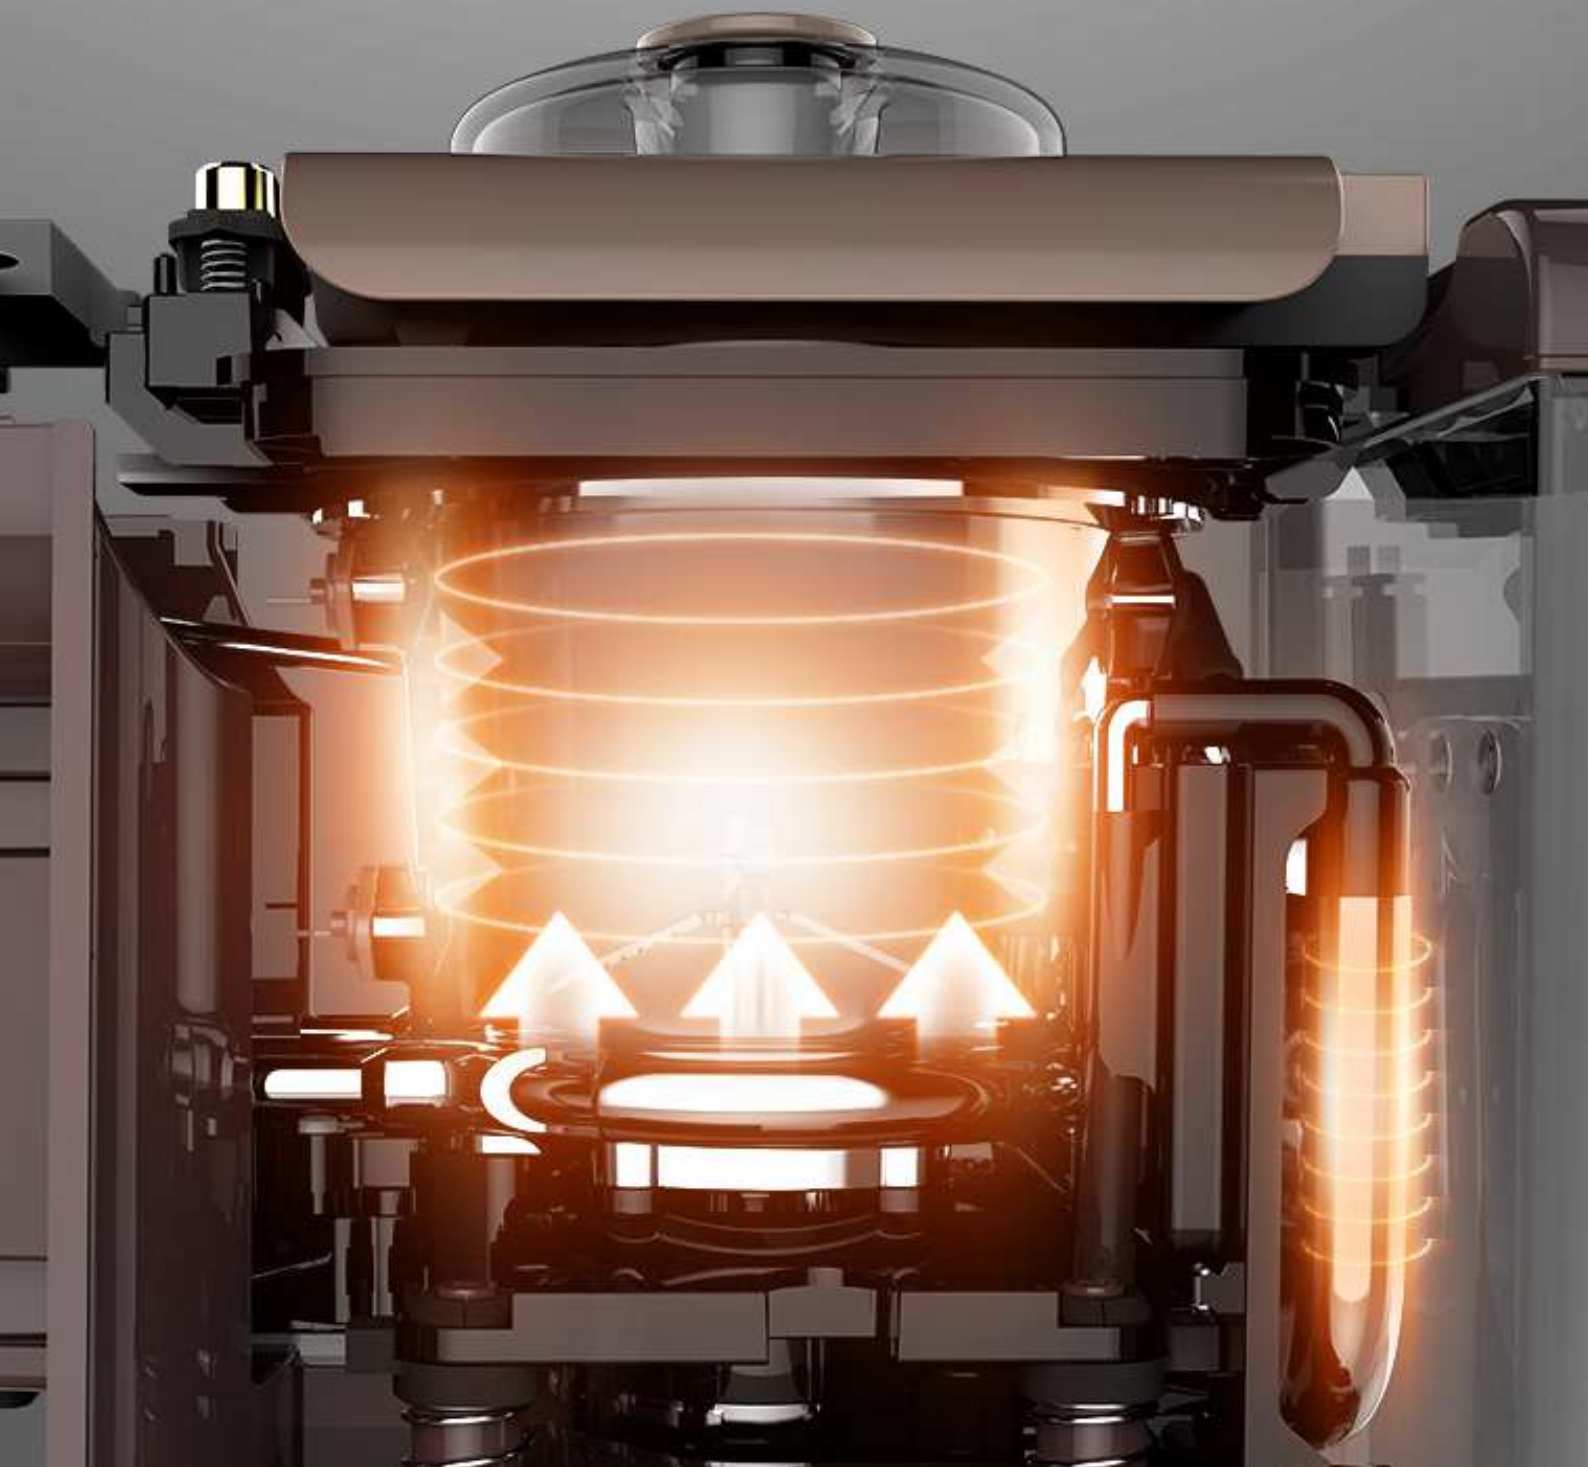
Noise Comparison Experiment Results:



Double-Track Heating

Experience revolutionary stereoscopic surround heating for more nutritious and delicious results.

Cooking temperature affects nutrition. This is why the double-track heating technology of THE VORTEX is designed to heat up its contents whilst retaining nutrition and maximising flavour.



Display & Details

LED Touchscreen Menu

Easy on the eyes,
easy to operate.

See-Through Top Lid

See what THE VORTEX
is cooking up and
how it's doing it.

Double-Coated Paint on Outer Pot

Scratch-resistant and
highly durable so
THE VORTEX always
looks new.

Multipurpose Function

Hot water and warm water.
Available anytime with THE VORTEX.

Your personal drinking water dispenser for instant hot and warm water whenever you need it, thanks to THE VORTEX and its Double-Track Heating System.

Multipurpose Function

Fragrant and sensational barista coffee.

Fresh and healthy juice.

Tasty and nutritious rice cereal.

Multipurpose Function

14-Minutes Setting

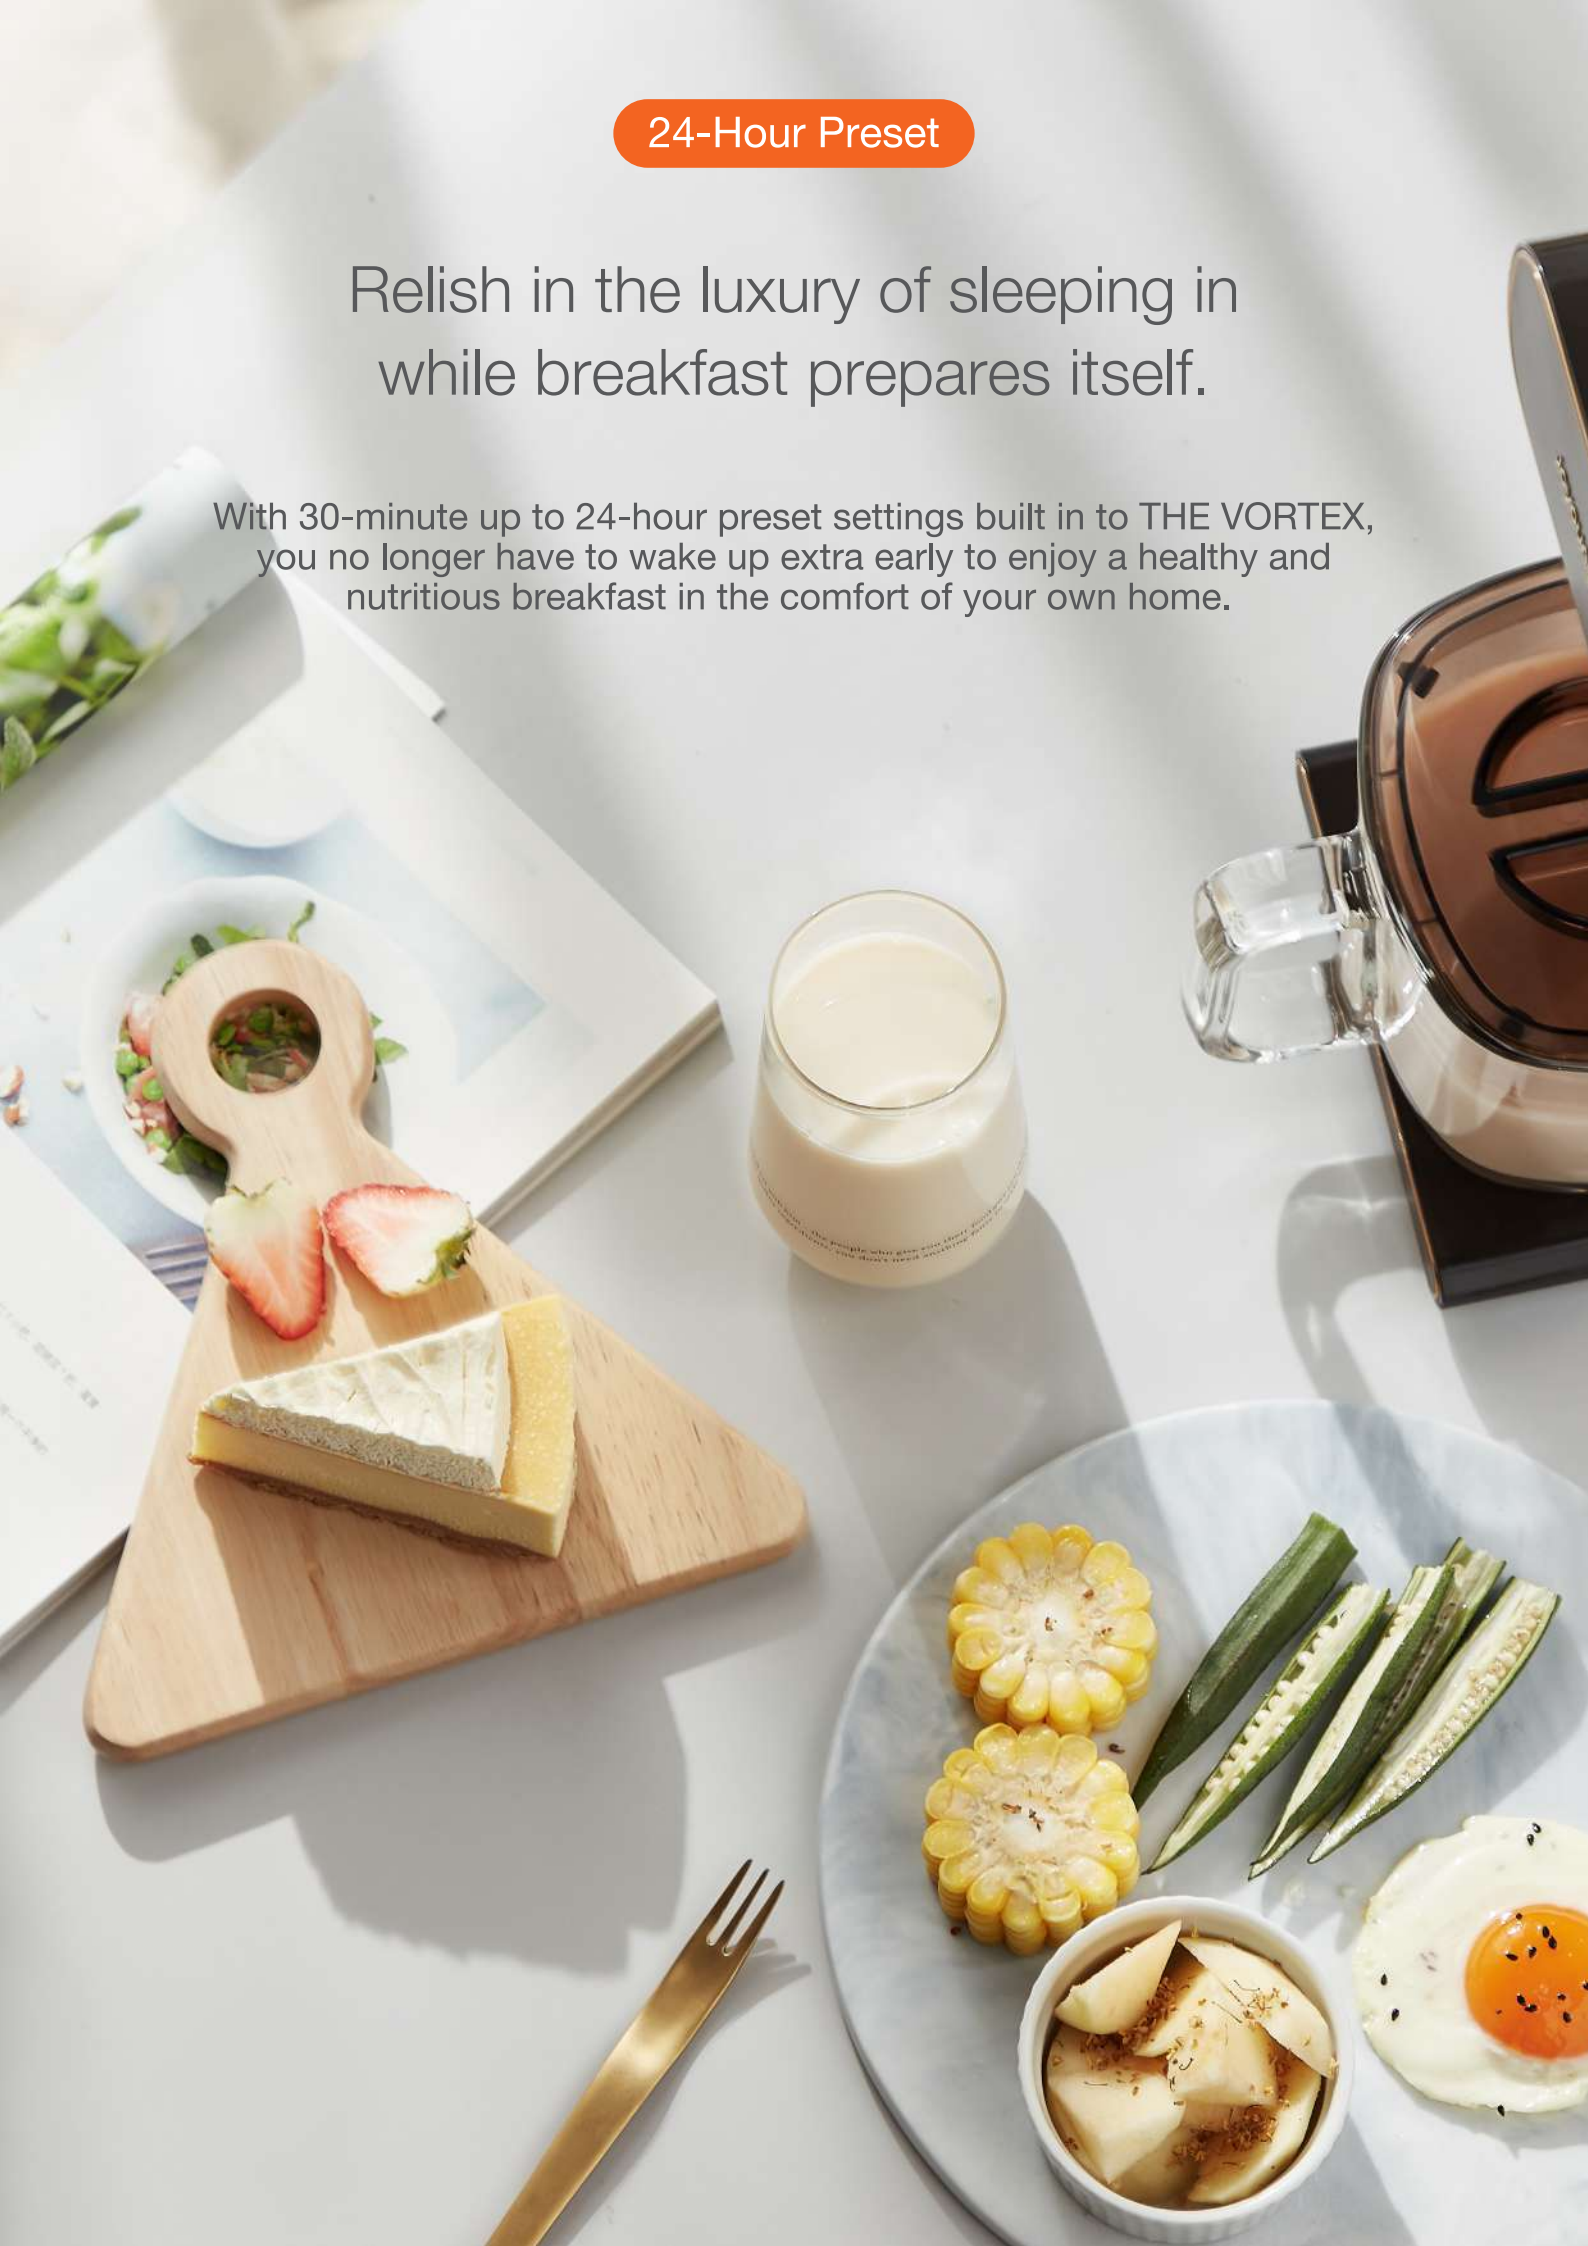
Instant with THE VORTEX means cutting down time… not steps.

From raw soy beans to 300ml of smooth and nutritious soy milk, all it takes is 14 minutes. Getting a refreshing glass of soy milk has never been this quick, or this easy.

24-Hour Preset

Relish in the luxury of sleeping in while breakfast prepares itself.

With 30-minute up to 24-hour preset settings built in to THE VORTEX, you no longer have to wake up extra early to enjoy a healthy and nutritious breakfast in the comfort of your own home.



Auto-Clean Function

4-Step Auto-Clean Function

For a cleaner wash than humanly possible.

1
High-Pressure Spray Wash
360° powerful spray washing

2
High-Pressure Steam Wash
100°C steam sterilisation

3
High-Speed Spinning & Cleaning
High-speed water and movement cleans blades

4
Hot Dry Sterilising
Hot, dry air dries and sterilises cavity

BEFORE Automatic Cleaning
Residue clings to inner cavity and blades.

AFTER Automatic Cleaning
Residue-free. Perfectly dry. Clean as new.

High-Speed Blending | Micro-Fine Texture

Extremely fine. Ultra smooth. Super Delicious.

THE VORTEX is equipped with 4 specialised, high-speed, micro-fine blades that result in perfectly smooth, ultra fine textures that require no additional filtering.

25,000r/min Torpedo motor
High-speed efficiency with micro-fine results.

4 Serrated Blades
Japan Kawasaki steel blades for an ultra-fine, perfect grind.

Ring-Shaped Double-Edged Spoiler
Evenly whipped for a smoother texture.

High-Speed & Particle Size Comparions

Ordinary High-Speed Machine
Low speed. Floating particles seen easily.

Ordinary Soy Milk Maker
Fine particles but lacks smoothness.

THE VORTEX
High speed. No particles. Smooth and micro-fine.
